

# Colour options

## Fabrics | Category A

**Crevin Vita** is a unique upholstery fabric for joint indoor outdoor use. It has a homely and natural appearance and can be easily cleaned by domestic machine-wash. It is finished with stain repellence.

## Fabrics | Category B

**Crevin Bora Bora, Limonta New Hubble** and **GUN** are heavy weight and robust fabrics. They look like hand-woven fabrics with a strong indoor feel. They are easily maintained.

### Limonta New Hubble

## Limonta GUN

## Fabrics | Category C

**Kvadrat Patio** apart from its excellent technical features, also stands out for its soft touch. It has a subtle structure, which combines two coloured yarns in the warp and one in the weft. It features a fluorocarbon-free, environmentally-focused finish, which is water-repellent and fast-drying.

## **New** Fabrics | Category D

**Atrium Outdoor** combines two similarly coloured yarns with a contrasting yarn. It is made with a highly durable Trevira CS yarn and stands out for its very soft hand. Free from fluorocarbons, it is flame-retardant with an environmentally focused finish, which is water-repellent and fast-drying.

## Technical fabric for chairs and sunloungers

**Batylite** is a technical fabric developed especially for outdoor use. It has exceptional tear strength, UV radiation resistance and dries very quickly.

## Ceramic for table tops

**Ceramic** is a 100% natural product. It does not contain any organic pigments and is thus resistant to UV rays, so it's perfectly colour stable. Ceramic as a material is highly abrasion resistant.
